

## Are you missing out on something?

The answer is yes if you are not a member of IGONC! You are missing out on the opportunity to network with like minded professionals throughout the state of North Carolina. The opportunity to have a voice in legislative issues. We have a full time lobbyist working in the NC General Assembly and with Governmental Regulatory agencies for this reason so that your voice can be heard on issues that will effect you and your business. Some of our legislative accomplishments are the defeat of legislation that would have abolished the motor vehicle safety inspection program. Our lobbyists have also worked on legislation to increase emission and inspections and clarified the Auto Repair Bill of Rights.

The IGO Insurance Agency, a wholly owned subsidiary of the IGONC, has been instrumental in developing insurance programs that are specifically tailored to the needs of the automotive professional. Additionally, all agency profits go to support IGONC operations. We offer comprehensive coverage at competitive prices through quality insurance carriers, which we support with our more than 30 years of experience and our superior customer service.

Its time for you to become a member and help support the association that is out there supporting you on a daily basis to improve automotive service and repair business. The membership for one year is only \$325.00. This is a small amount to spend for your future and the future of your business. Is your business worth it?

# MEMBER BENEFITS

## Why join an Association?

Whether you have decided to join, or you are just thinking about joining, you probably have some questions about what exactly you will gain by becoming a member. Here is a list of some benefits we think are important and that we hope will be helpful in your decision making.
